DETAILED ACTION

Response to Arguments

1. Applicant's arguments and corresponding amendment, filed 12/5/2005, with respect to Claim 1 have been fully considered and are persuasive. The objections and rejections have been withdrawn.

Allowable Subject Matter

2. Claims 1-8 are allowed.

3. The following is an examiner's statement of reasons for allowance: no art of record discloses or suggests an area light source comprising a rectangular light conversion member having an incident light surface adjacent to a light source; a reflector covering said light source to reflect and project light and including an upper and lower edge portions provided to interpose one side of the conversion member; a frame faced to support the other side of the conversion member opposite to said one side through a gap; suppression means between the conversion member and frame to suppress a shift toward said light source and front surface of said conversion member; wherein a width formed by a front edge of the upper edge portion and the incident light surface of one side of the conversion member, interposed between said upper and lower edges, is larger than said gap.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
